

BRACELET SIZE GUIDE

You can choose between eleven different bracelet sizes from 14-24 cm (5.5" to 9.4").

Please note: The listed lengths indicate the total length of the bracelet with a lock attached, so the chain itself is 2 cm shorter than indicated. If, for example, you require a 20 cm bracelet, choose '20 cm'. We will send you an 18 cm chain and when you add a lock your bracelet will be the perfect size.

If you buy a ready-to-wear bracelet the lock will of course be included.

Fit tips:

The bracelet will get tighter as more beads are added to it.

We recommend half to a whole fingers space between wrist and bracelet. Measure your wrist, then add 2 cm (0.4" - 0.8") longer than your tight wrist measurement. In the end it is a matter of personal taste if you wish a close or loose fit as well as how many beads you style your bracelet with.

Trollbeads silver and gold bracelets do not stretch, so there is no need to account for this when purchasing.

Gift Tip:

Size 18 cm, 19 cm, 20 cm (7.1", 7.5", 7.9") fits most.

Is the bracelet for a child? Choose the size 14 - 15 cm. (5.5" - 5.9")
